Vision 2016 Council

**DATE:** 7<sup>th</sup> July 2004

**SUBJECT: VISION 2016 COUNCIL STRATEGIC PLAN  
LAUNCH**

The Vision 2016 Council will launch its Strategic Plan for 2004 – 2006 at the Boipuso Banquet Hall on the 8<sup>th</sup> July 2004 at 1830hrs. The Minister for Presidential Affairs and Public Administration, honourable Daniel Kwelagobe will officially launch the Strategic Plan.

The three year plan, which is meant to guide the operations of the Council and its Secretariat in delivering its mandate, is a result of a strategic planning retreat which was held in

Selibe Phikwe late last year. The retreat reviewed both the structural and functional aspects of the Vision 2016 implementation framework and formulated a Vision and Mission statement for the Vision 2016 Council, to guide it in its quest to facilitate the implementation of the goals and objectives of Vision 2016. It also undertook an organizational and situational analysis to identify the Council's strategic and operational issues, key strengths, weaknesses, opportunities and threats.

Mr Joseph Lisindi of LCM Management and Business Development Consultant (Pty) Ltd, who facilitated the Strategic Planning process, will give an overview of the plan at the launching ceremony.
